Take on  
the world

GN Making Life Sound Better

# Enjoy optimization anywhere

ReSound gives you more options to optimize your hearing experience wherever you are with the ReSound Smart 3D app. With everything you need for quick and discreet adjustments, you are in control of how you experience the world around you.

Compatible with ReSound Preza and ReSound Vida hearing instruments, the ReSound Smart 3D app allows you to adjust volume, change programs, geotag your favorite locations, find lost hearing instruments and more! With one-tap you can change settings based on your activity or environment and even check the battery status of your ReSound Preza rechargeable hearing instruments.

## Keep on going

with rechargeable freedom

Changing batteries doesn't have to hold you back. ReSound Preza offers quick charging capabilities and up to 30 hours of battery life, so you no longer have to worry about unexpectedly running out of power in the middle of the day. Just place your hearing aids in the sleek, portable charging case overnight and you will be ready to take on the world.

If you do forget to charge, you can power up on-the-go. The charging case can charge your ReSound Preza hearing instruments without being connected to a power source.

## Count on

sound delivered like never before

Whether outdoors or in a restaurant, don't miss a word of the conversation with ReSound Preza. ReSound Preza hearing instruments feature an efficient sound processing platform with more speed, memory and power.

So now you can understand speech, yet remain aware of the sounds around you. You will be able to better hear where sounds are coming from. You will enjoy a full range of natural, balanced, undistorted sound – from high notes to low. And you will move through your day in comfort.

# Easy living

with no compromises with ReSound Vida

ReSound Vida is a line of small, discreet hearing instruments featuring top-rated ReSound sound that's easy on the ears.

## Get ready

for connectivity beyond compare

Staying connected to family and friends has never been easier. When paired with a compatible smart device, your ReSound hearing instruments act as stereo headphones so you can stream sound directly from almost any audio source. And with ReSound Preza, we have virtually eliminated any lag time when streaming, so listening to phone calls, music, podcasts or even GPS directions is more seamless than ever.

**ReSound Micro Mic and Multi Mic**  
sits on the table or is clipped onto a person's clothing to stream sound directly to your hearing aids to improve hearing in noisy situations.

**ReSound Phone Clip+**  
gives you more freedom, comfort and control while streaming phone calls, music or sound from your Bluetooth-enabled phone.

**ReSound TV Streamer 2**  
streams stereo sound directly to your hearing aids, so you can listen at the volume that is comfortable for you.

**ReSound Remote Control 2**  
allows you to adjust the volume or mute your hearing aids, switch programs, and see all your settings at a glance.

# Take on the world

## with ReSound Preza

In addition to the rechargeable solution, ReSound Preza also offers a small, discreet replaceable battery solution. Both options feature unparalleled power and processing efficiency for a superior sound experience.
